EDUCATION

- SRM Institute of Science and Technology** Chennai, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 9.51 June 2024 - May 2028
Courses: Operating Systems, Data Structures, Analysis Of Algorithms, Artificial Intelligence, Machine Learning, Networking, Databases
- Sanmati Higher Secondary School** Indore, India
Class - XII; percentage-91.4 July 2023 - May 2024
- Sanmati Higher Secondary School** Indore, India
Class - X; percentage-89.6 July 2021 - July 2022

SKILLS SUMMARY

- Languages:** Python, C++, JavaScript, SQL, JAVA
- Frameworks:** Flask, NodeJS
- Tools:** GIT, PostgreSQL, MySQL, SQLite
- Soft Skills:** Leadership, Event Management, Content Creation, Public Speaking

PROJECTS

- NeoCare AI – AIoT Neonatal Monitoring System - Python, FastAPI, CatBoost, Pandas :**
Engineered neonatal sepsis detection system using CatBoost achieving 93.5% accuracy on 10,000+ clinical records of APGAR scores and patient vital signs.
Architected FastAPI backend with real-time vitals pipeline, classifying Early-Onset (EOS) and Late-Onset Sepsis (LOS) across 2 diagnostic sub-categories with live risk flagging dashboard.
- Hostel Room Booking & Allocation System - FastAPI, SQLAlchemy, MySQL, JavaScript:**
Designed normalised relational DB schema with 11 entities covering student profiles, room inventory, payments and complaints using MySQL and SQLAlchemy ORM.
Implemented 4 backend modules — booking, allocation, payments, complaints — with role-based access control and personalised student dashboards via FastAPI REST architecture.
- AI-Based Face Recognition System — Python, OpenCV, NumPy :**
Implemented real-time face registration and recognition system using OpenCV, accurately identifying 50+ registered identities from live video stream input.
Optimised detection pipeline using NumPy matrix operations to minimise recognition latency and improve frame-by-frame accuracy during continuous video processing.
- GALLA – Personal Expense Tracker — Java, Swing, JFreeChart, JTable:**
Crafted Java desktop finance app with multi-category income and expense tracking, interactive Pie and Line chart visualisations via JFreeChart and CSV export for record management.
- Career Advisor – Career Guidance System — Java, JavaFX, Maven, JSON :**
Developed quiz-based personality assessment app mapping user responses to career paths with income insights, job descriptions and required skills via JSON-driven dynamic rendering in JavaFX. .
Tech Stack: Java, JavaFX, Maven, JSON

CERTIFICATIONS

- NPTEL – Programming in Java — IIT Madras, SWAYAM Elite (75%)** July 2024 - Oct 2028
- NPTEL – Object Oriented Design & Programming IIT Madras, SWAYAM** Jan 2024 - April 2028

HONORS AND AWARDS

- Guidewire DEVTrails University Hackathon (2026) Received participation certificate for active involvement in the university-level hackathon.
- Foundathon 2.0 – SRM Institute of Science and Technology (2025) Participated in the innovation and startup-focused hackathon event.
- InnoQuest Ideathon – SRM Institute of Science and Developed distinct, innovative solutions to address complex user challenges, presenting detailed proposals to a panel of 5 judges.
- School Scholar Award (2024) Recognized as the Class 12 Board Topper for securing the highest marks in the school board examinations.

VOLUNTEER EXPERIENCE

- Community Member at AARUSH SRMIST** Chennai, India
Conducted TechnoManangement Fest AARUSH'25, served as Quality Assurance lead Sept 2025 - May 2026
